#### **"Smart Holidays with the Rosatom School"**

##### **1. Basic provisions.**

- 1.1. This provision on the contest for the right to participate in the international camp "Smart Holidays with the "Rosatom School" (hereinafter the Contest) determines the organization and terms of the Contest in 2018.
- 1.2. The contest is held for children from 11 to 16 years who live outside the Russian Federation in the countries of the global presence of the State Atomic Energy Corporation "Rosatom" that are presented in the Appendix 1.

The main objectives of the competition:

- development of cross-cultural communication skills among residents of different countries;
- involvement of children in issues related to environmental protection;
- the education of young people in the spirit of attentive attitude towards their native city;
- providing the conditions for creative self-realization of the participants.

##### **2. Arrangement of the competition.**

- 2.1. Scan application and direct link to Creative work is sent to e-mail [rosatomschool.int@gmail.com](mailto:rosatomschool.int@gmail.com) until April 25, 2018. The application form for the competition is presented in Appendix 2, the requirements for Creative work are presented in Appendix 3. For each of the criteria presented in Appendix 3 exhibited: 3 points, if the criterion is fulfilled completely, 1 point - if the criterion is fulfilled partially, 0 points - if the criterion is not met.
- 2.2. Expert examination of competitive materials is conducted by the competitive commission of the project "Rosatom School" till April 30, 2018.
- 2.3. Applications and Creative works are not reviewed and are not returned.
- 2.4. Applications must be submitted in Russian or English.
- 2.5. Applications are submitted on behalf of only one participant. Applications from two or more persons, or authors' collectives are not accepted.
- 2.6. By submitting an application for participation in the Contest, the authors automatically authorize the use of Creative Works for non-commercial purposes (showing on TV channels, posting on the Internet, publication in print media, use at exhibition stands and other kinds of presentations and publications) with reference to authorship.
- 2.7. Presented Creative works must be performed by participants independently.
- 2.8. When working on the project, participants do not have the right to use plots that offend the feelings of believers (various faiths and religions), as well as borrow materials of intellectual property of third parties.
- 2.9. The results of the Contest are sent to all participants by e-mail.

### **3. The winners of the contest.**

- 3.1. The winners of the Contest get certificates of the winner of the Contest, and have the opportunity to participate for free in the international camp "Smart Holidays with "Rosatom School" in Turkey on June 5-19, 2018.
- 3.2. The winners of the Contest from one country and one accompanying person from that country are provided with accommodation, meals, medical insurance, travel ticket from the country and transfer to the place of the camp and back.
- 3.3. The organization and costs of visa support for the winners of the Contest from one country and accompanying from that country are assumed by the sending party.

11.	Link to an open source on the Internet, where you can download Creative work:	

### **Requirements for Creative works, directed to the contest.**

To participate in the competition, a link to one of the three materials placed on the Internet is available:

#### **1. The video "Who makes my city better?"**

The participant represents the Creative work, the content of which is the photo-video series, which tells about the contribution of a person to the development of the city of the participant's residence (if possible - about the person's contribution to the development, for example, of the nuclear industry).

When creating the project, it is recommended to use images, symbols to explain the video sequence to the viewer who does not know foreign languages.

Each Creative work should be dedicated to only one hero.

Contest projects in the format of video recording of 16:9 or 4:3 AVI, MP4, MPEG, MOV, WMV, GP3, MKV, MTS, VOB in HD or SD for up to 3 minutes are accepted.

The name of the submitted Creative work should be presented in the form of "Name of the country\_name of the author\_name of the Hero."

#### **Criteria for evaluating the video:**

- the topic is fully explored (0-1-3 points);
- creativity of the idea of the video (0-1-3 points);
- clarity of the video for a viewer who does not know foreign languages (0-1-3 points).

A link to an open resource on the Internet, where we can download the video, is sent to the contest.

#### **2. Essays in Russian or English: "Why do I want to be friends with kids from other countries?"**

The text must be in a separate file in doc format. The text should not exceed 1 page. The text should be executed in MSWord, font TimesNewRoman font size - 14

The text should contain a photo of the contestant, the size of which is not less than 3 cm x 3 cm, but not more than 5 cm x 5 cm.

#### **Criteria for evaluating the essay:**

- the topic of the essay is fully explored (0-1-3 points);
- the creativity of the ideas presented in the essay (0-1-3 points);
- expressiveness of the text (0-1-3 points).

A link to an open resource on the Internet is sent to the contest, where we can download a text file with an essay.

**3. A selection of three art photos devoted to the problems of preserving the environment, based on famous works of world literature (for example, the allegorical tale-story of Antoine de Saint-Exupery "The Little Prince").**

A selection of three photographs is created. The format is jpg. The minimum size of the image on the larger side is 1200 pixels, the file weight is not more than 5 megabytes.

If there are people in the photo, then one of those present in the frame must be the contest participant.

It is allowed to use scenery, costumes, make-up, necessary accessories.

**Criteria for evaluating the collection:**

- creativity of the idea (design) (0-1-3 points);
- clarity of the environmental problem presented in the photos (0-1-3 points);
- technical quality of performance (0-1-3 points).

A link to an open resource on the Internet is sent to the contest, where we can download the contest photos.
